County Commissioners: Jeff Day Address: Government Center

City: Vernon

Zip Code: 47282

Plan Summary

Mission Statement:

The Jennings County Drug and Alcohol Task Force believes in equal opportunity for education and awareness in substance abuse prevention for all citizens to create a safe, drug-free community. This effort will be based upon a planned cooperative venture between this non-profit group, social agencies, law enforcement, schools and other community groups. The purpose of Jennings County Drug and Alcohol Task Force is:

- 1) To inform, assist, and advise the County Commissioners of proposals, which seek funds from the Drug Free Communities Fund to address issues in the areas of substance abuse prevention, treatment and justice.
- 2) To encourage alternative programs to substance abuse/addiction in Jennings County.
- 3) To prepare a comprehensive plan for addressing substance abuse in Jennings County.

History:

The Jennings County Drug and Alcohol Task Force formed in May, 1998. The Task Force was created to initially make plans for Jennings County's first "Red Ribbon Week" for the Jennings County schools and all of Jennings County. The Task Force established itself as a "local coordinating council" with the assistance of the Governor's Commission for a Drug-Free Indiana. The Task Force serves the geographic area of Jennings County, which is southeastern Indiana. Jennings County has a population of approximately 28,525 people with an unemployment rate of 11.3%. There were 2,692 children who received a total of 6,594 vaccinations at the Jennings County Health Department in 2010. The Jennings County School Corporation currently has a free and reduced school lunch rate of 57% and a 19% special education population.

The Jennings County Task Force works to compile a three year comprehensive plan for substance abuse programs and services in the areas of: prevention and education, treatment and intervention, law enforcement and justice. An updated report is prepared annually to monitor progress towards the goals identified in this plan. The plan is a workable road map for

change due to the flexibility of emerging trends and the specificity of addressing immediate needs.

Summary of the Comprehensive Community Plan:

This document is the Comprehensive Community Plan for 2011-2013 with annual plan updates to be submitted in March 2012 and 2013.

The Jennings County Drug and Alcohol Task Force identified three main problem areas to be addressed in the coming years.

- 1) Methamphetamine production, distribution and use are negatively impacting Jennings County residents.
- 2) Jennings County residents are using, misusing and abusing medicines; legally and fraudently.
- 3) Jennings County residents abuse alcohol, tobacco and other illicit drugs.

Membership List

County LCC Name:

#	Name	Organization	Race	Gender	Category

Problem Identification

A. Problem Statement #1: Methamphetamine production, distribution and use are negatively impacting Jennings County residents.

B. Supportive Data:

Prevention/Education:

- 1. There are four pharmacies located in North Vernon and combined, these pharmacies have reported 100-120 people a day purchase pseudoephedrine on the average.
- 2. Random surveys were administered throughout Jennings County and the responses were totaled into age ranges. Of the 148 surveys, ages 20-29, 40-49 and 60-69 believe methamphetamine manufacture and use is the number one criminal activity in our county.

Treatment/Intervention:

1. The Jennings County Council on Domestic Violence has seen a continued increase in substance abuse in 2010, specifically with methamphetamine.

Age Groups	18-25	26-40	41-60	60+
Males	8	38	9	0
Females	6	4	10	0

- 2. Maverick Addiction Services, LLC currently provides assessments, education, individual sessions, Intensive Outpatient Program and Intensive Outpatient Treatment options, as well as refers to Detox or other substance abuse services outside of Jennings County. Maverick also holds the contract for all Court-Ordered individuals. In 2010, there were 13 individuals receiving addiction services based upon methamphetamine use.
- 3. Centerstone, the local community mental health center, currently provides intensive outpatient programming for substance abuse and substance dependent individuals. They reported having 42 individuals diagnosed with amphetamine abuse and/or dependence in 2010.
- 4. The Indiana Department of Child Services Local Office Jennings County removed 53 children from their homes due to methamphetamine use and/or active methamphetamine labs in the home.

Justice/Law Enforcement:

- 1. The Jennings County Superior Probation Department reports having 8 individuals on probation for pseudoephedrine purchases over the legal limit.
- 2. The Jennings County Circuit Probation Department had 17 positive urine drug screens for methamphetamine/amphetamine use for their probationers. In 2010 there were 352 felony probationers, 61 misdemeanors and 207 juveniles on probation.

3. Law enforcement reports

Law Enforcement reports 2010	NVPD	JC Sheriff	ISP
		Sheriff	
Meth Manufacture	14	31	55
Meth Possession	42	36	
Dealing Meth	10	12	
Possession of precursor	8	18	
Possession of Anhydrous	0	3	

End of Year 1 Update:

- 1. One of the four pharmacies has stopped selling pseudoephedrine completely and refers all customers to the neighboring pharmacy, of which the sales have doubled.
- 2. The Jennings County Council on Domestic Violence continues to see methamphetamine use.

Age Groups	18-25	26-40	41-60	60+
Males	3	11	6	0
Females	3	6	2	0

- 3. Maverick Addiction Services provided addictions treatment to 39 individuals who used, produced or distributed methamphetamines.
- 4. Centerstone provided addiction services to 29 individuals who used, produced or distributed methamphetamines.
- 5. The Jennings County Superior Court Probation Department reports having 21 individuals on probation for pseudoephedrine purchases over the legal limit.
- 6. The Jennings County Circuit Court Probation had 40 positive urine drug screens for methamphetamine/amphetamine use for their probationers. In 2011 there were 335 felony probationers, 72 misdemeanor and 234 juvenile probationers.
- 7. ISP reported dismantling 42 methamphetamine labs in Jennings County, which is ranked 8th in the State, during 2011.
- 8. Law Enforcement reports for 2011

Law Enforcement reports 2011	NVPD	JC Sheriff	ISP
Meth Manufacture	2		42
Meth Possession	17		
Dealing Meth	2		
Possession of precursor	5		
Possession of Anhydrous	0		

End of Year 2 Update:

- 1. Pharmacies continue same pseudoephedrine practices, with only one pharmacy that has stopped sales.
- 2. The Jennings County Domestic Violence continues to provide service to individuals with methamphetamine use. For 2012, their agency provided services to 48

- individuals who used, produced or distributed methamphetamines (29 males, 19 females).
- 3. Maverick Addiction Services did not participate in DATF activities for this grant year.
- 4. Centerstone provided addiction services to 54 individuals who used, produced or distributed methamphetamines.
- 5. Jennings County Superior Court Probation did not provide data for this grant year.
- 6. Jennings County Circuit Court Probation did not provide data for this grant year.
- 7. ISP did not provide data for this grant year.
- 8. Law Enforcement did not provide reports for this grant year.
- 9. A new addition to Jennings County, Jackson/Jennings County Community Corrections, reported 2 enrolled individuals for dealing and/or manufacturing methamphetamines.

Final Update (end of Year 3):

- 1. Pharmacies continue same pseudoephedrine practices.
- 2. The Jennings County Domestic Violence continues to provide service to individuals with methamphetamine use. For 2013, their agency provided services to 42 individuals who used, produced or distributed methamphetamines (30 males, 12 females).
- **3.** Maverick Addiction Services did not participate in DATF activities for this grant year.
- **4.** Centerstone provided addiction services to 67 individuals who used, produced or distributed methamphetamines.
- 5. Jennings County Superior Court Probation did not provide data for this grant year.
- 6. Jennings County Circuit Court Probation did not provide data for this grant year.
- 7. ISP did not provide data for this grant year.
- **8.** Law Enforcement reported 31 individuals arrested for possession of precursors, possession, manufacturing and dealing methamphetamines (1 meth manufacture, 22 meth possessions, 5 dealing meth, 3 possession of precursors).
- **9.** A new addition to Jennings County, Jackson/Jennings County Community Corrections, reported 44 enrolled individuals for dealing and/or manufacturing "drugs".
- **10.** Jennings County Department of Child Services shared 117 children removed, 66 directly related to drug use (methamphetamines, heroin, prescription drugs, marijuana).

C. Goals:

1. Methamphetamine production, distribution and use will decrease and fewer problems related to methamphetamines will be seen in the community.

End of Year 1 Annual Benchmarks:

- 1. The Jennings County Council on Domestic Violence has observed a decrease in methamphetamine use amongst survivors of domestic violence.
- 2. North Vernon City Police demonstrate a remarkable decrease in methamphetamine production, distribution and use within the community.

3. Jennings County's rank of methamphetamine lab dismantling has decreased from 5th in the State to 8th.

End of Year 2 Annual Benchmarks:

- 1. The Jennings County Council on Domestic Violence has observed an 54% increase with methamphetamines use amongst survivors of domestic violence.
- 2. North Vernon City Police did not provide data for this grant year.
- **3.** Jennings County's rank of methamphetamine lab dismantling has decreased from 8th in the State to 7th.

Final Report (end of Year 3):

- 1. The Jennings County Council on Domestic Violence has observed an 6% decrease with methamphetamines use amongst survivors of domestic violence.
- 2. North Vernon City Police reported ISP "cleaned up" 23 labs in Jennings County.
- **3.** Jennings County's rank of methamphetamine lab dismantling has decreased from 7th to 21st in the State. However, State of Indiana recently identified as #1 in country for methamphetamine labs.

D. Objectives:

Prevention/Education:

1. Support prevention and educational initiatives that are provided through the schools and community organizations that cater to youth (after school programs, camps, etc) and expand community awareness of the methamphetamine epidemic in Jennings County.

${\bf Treatment/Intervention:}$

- 1. Support intervention and treatment initiatives that provide additional comprehensive treatment services to aid in the recovery of affected persons.
- 2. Support early identification of addictions to enhance treatment options and provide community education on treatment options and efficacy.

Justice/Law Enforcement:

- 1. Support and encourage education and information for law enforcement officers and other professionals on intervention techniques and resource referral.
- 2. Support law enforcement and justice initiatives that increase law enforcement capacities to investigate methamphetamine related crimes through training, special patrols, support multi-jurisdictional task forces, data collection, etc.
- 3. Support court and justice personnel providing services to individuals being affected by methamphetamine.

End of Year 1 Update:

- 1. Jennings County Council on Domestic Violence completed 26 presentations that reached 1736 students. 5,736 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse.
- 2. The Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships, Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given discussing 45 facts of Methamphetamines to the children enrolled in the program and their parents.
- **3.** Maverick Addiction Services, LLC, holds the Court Contract in which every person with methamphetamine use, abuse, production, or distribution is Ordered to attend a substance abuse assessment in order to determine treatment needs.
- **4.** Circuit and Superior Court Probation participated in methamphetamine training and education to better serve their probationers.
- **5.** The following trainings were attended by North Vernon Police Department Officers: METH CHECK (pharmacy tracking for pseudoephedrine purchases), Methamphetamine Interdiction Course, Advanced Methamphetamine Investigations, and Hazardous Materials Operations Course.
- **6.** North Vernon City Police Department hosted its first annual "back lot BBQ" which allowed the community meet and greet the Officers.
- 7. School Resource Officer Piirto provided six educational classes for the Jennings County Middle School regarding methamphetamine use/abuse.
- **8.** School Resource Officer Piirto provided a methamphetamine use/abuse presentation during the annual "Pantherfest" which is open to the students and their parents. Handouts were also given.

End of Year 2 Update:

- 1. Jennings County Council on Domestic Violence completed 8 presentations that reached 1192 students. 12, 232 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse.
- 2. As noted in previous year, the Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships, Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given discussing 45 facts of Methamphetamines to the children enrolled in the program and their parents.
- **3.** Maverick Addiction Services, LLC, continues to hold the Court Contract in which every person with methamphetamine use, abuse, production, or distribution is ordered to attend a substance abuse assessment in order to determine treatment needs.

- **4.** Circuit and Superior Court probation did not provide data for this grant period.
- **5.** Trainings lists for North Vernon Police Department Officers not provided for this grant year.
- **6.** North Vernon City Police did not provide information regarding community gatherings this grant year.
- 7. School Resource Officer Piirto provided 12 educational classes for the Jennings County Middle School and Jennings County High School regarding methamphetamine use/abuse.

Final Update (end of Year 3):

- 1. Jennings County Council on Domestic Violence completed 8 presentations that reached 1207 students. 12,499 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse. Jennings County on Domestic Violence also offered community presentations to church groups (263 people), plus civic, community partner and agencies (272 people).
- 2. As noted in previous year, the Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships, Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given discussing 45 facts of Methamphetamines to the children enrolled in the program and their parents.
- **3.** Maverick Addiction Services, LLC, continues to hold the Court Contract in which every person with methamphetamine use, abuse, production, or distribution is ordered to attend a substance abuse assessment in order to determine treatment needs.
- **4.** Circuit and Superior Court probation did not provide data for this grant period.
- **5.** North Vernon Police Department Officers attended three trainings in the area of drug investigations (2 officers Drug Interdiction course, 04/13; 2 detectives Pharmaceutical Drug Diversion Training, 8/13; 9 officers Recertification of Breath Test Operators, 2013).
- **6.** North Vernon City Police Departments hosted 3rd annual Back BBQ community involvement program.
- 7. School Resource Officer Piirto provided 14 educational classes for the Jennings County Middle School and Jennings County High School regarding methamphetamine use/abuse.

A. Problem Statement #2: Jennings County residents are using, misusing and abusing medicines; legally and fraudently.

B. Supportive Data: Prevention/Education:

- 1. Random surveys were administered throughout Jennings County and the responses were totaled into age ranges. Ages 30-39 and 50-59 believe prescription drug use/abuse among the youth and adults is a serious concern.
- 2. There are four pharmacies located in North Vernon and combined, these pharmacies have reported, on the average, the following information:
 - a. 28-30 people per day attempt to refill prescriptions before eligible to do so
 - b. 2 forged prescriptions per day
 - c. 6-8 prescriptions for oxycontin filled every day, approximately 200-400 pills each day
 - d. 200-240 prescriptions for hydrocodone filled every day, approximately 25,000-50,000 pills each day
 - e. Every pharmacy voiced concerns of pain medication being prescribed too much for addicts
- 3. One of the growing trends in teen drug use today is the abuse of over the counter (OTC) drugs. According to recent studies on the national level, teens feel OTCs are more readily available than illegal drugs. Also, they are often viewed as "safer" than illegal drugs. For most teens, using over the counter drugs to get a buzz or to help them stay awake while studying is not a problem. OTC drugs are increasingly becoming an accepted part of teenage culture and could be viewed as a "gateway" to abuse of medicine in general. As reported on teenhelp.org:
 - a. 56 percent of teens feel that getting OTC drugs is easier than getting illegal drugs
 - b. 40 percent of teens feel that OTC medicines are much safer than illegal drugs
 - c. 31 percent of teens agree that using OTC and Rx medications is okay "once in a while"
 - d. 55 percent of teens do not strongly feel that it is risky to use cough medicine to get high
 - e. 10 percent of teens report that they use cough medicine to get high
- 4. Both the Resource Officer at the Jennings County Schools and the principal at the Alternative School in Jennings County report teens talking about and possessing OTC and RX medications.
- 5. Pharmacists report that some OTC medications, particularly those containing Dextramoriphan, have been relocated for better observation due to inventory loss.

Treatment/Intervention:

1. The Jennings County Council on Domestic Violence has seen an increase in victims reporting their medications being stolen by family or intimate partners, and were sold. Some victims even participate in drug activity with their teen aged children.

Age Groups	18-25	26-40	41-60	60+
Males	1	8	5	0
Females	4	25	12	0

Justice/Law Enforcement:

1. Law enforcement reports

Law Enforcement Reports 2010	NVPD	JC Sheriff
Violation of Legend Drug Act	10	21
Possession of Controlled Substance	20	21
Dealing Controlled Substance	2	4
Prescription Fraud	3	0
Theft of Prescription Medication	19	5
Possession of Syringe	33	37

End of Year 1 Update:

- 1. The nation's fastest-growing drug problem is prescription drug abuse, according to the Office of National Drug Control Policy.
- 2. An Indiana Prevention Resource Center survey found that 3.5 percent of 12th graders and 4.3 percent of 10th graders had abused prescription medication in the past month. The same survey found 5.8 percent of 12th graders and 4.6 percent of 10th graders had abused prescription pain killers. (May 16th, 2011)
- 3. According to a 2008 study, about six and a half million Americans abuse prescription drugs each month... and misuse of prescription drugs contributes widely to the approximately 24,000 unintentional, fatal drug poisonings that take place in the U.S. every year. Here in Indiana, fatal overdoses have increased more than 300% over the last ten years overall. Abuse levels of prescription drugs for Indiana youth continues to exceed the national average.
 - (http://indianapublicmedia.org/noonedition/prescription-drug-abuse-rise/)
- 4. Random surveys were administered to 151 students regarding prescription drugs and over the counter drugs ranging in ages 14-18 years old.
 - a. During this school year, 8.6% of the students have used a prescription drug that was not prescribed to them in hopes of gaining a high.
 - b. 52.9% of those students knew of at least one fellow student that used a prescription drug that was not prescribed to them in hopes of gaining a high.
 - c. 19.8% of those students felt that using a prescription drug without a doctor's knowledge is safer than the use of "hard drugs" such as methamphetamines, cocaine or heroin.
 - d. 6.6% of those students have used an over the counter drug, such as a cough medication or sleeping pill, in hopes of gaining a type of high.
 - 39.7% of those students knew of at least one other student who used an over the counter drug, such as cough medication or sleeping pills, in hopes of gaining a high.
 - f. 19.8% of those students felt that using an over the counter drug in hopes of gaining a high is safer than the use of "hard drugs" such as methamphetamines, cocaine or heroin.
- The four local pharmacies have reported, on the average, the following information:
 - a. 25-35 people per day attempt to refill prescriptions before eligible to do so
 - b. o-1 forged prescriptions per day
 - c. 5 prescriptions for Oxycontin filled every month
 - d. Oxycodone and MS Cotton are being filled 10-15 prescriptions daily
 - e. 175-250 prescriptions for hydrocodone filled every day, approximately 15,000-30,000 pills each day
 - f. Opana and Suboxone prescriptions are on the rise

- g. All Pharmacists still raise concern over the amount of pain medication being prescribed to addicts
- 6. The Jennings County Council on Domestic Violence report the following drug activity:

Age Groups	18-25	26-40	41-60	60+
Males	1	12	2	0
Females	1	10	3	0

- 7. Maverick Addiction Services provided addictions treatment to 31 individuals who abused prescription medications.
- 8. Centerstone provided addictions treatment to 70 individuals who abused prescription medications.
- 9. Law Enforcement report:

Law Enforcement Reports 2011	NVPD	JC Sheriff
Violation of Legend Drug Act	12	
Possession of Controlled Substance	27	
Dealing Controlled Substance	6	
Prescription Fraud	3	
Theft of Prescription Medication	17	
Possession of Syringe	5	

End of Year 2 Update:

- 1. As noted in previous CCP (2012), The nation continues to identify prescription drug abuse as fastest-growing problem, according to National Drug Control Policy.
- 2. Indiana Prevention Resource Center survey Noted rates of students reporting use of prescription drugs that were not prescribed ranged from a low of 1.9 percent for sixth-graders to a high of 14.3 percent for 12th-graders. The rate of students who reported buying prescription drugs from friends ranged from 0.2 percent for sixth-graders to 2.3 percent for 12th graders. Lastly, the rat of students who reported prescription drugs from family members ranged from 0.2 percent for sixth-graders to 0.5 percent of 10th graders and 12th graders.
- 3. Indiana Public Media has not provided new study outcomes regarding prescription drug use. As noted in previous CCP, 2008 study highlighted fatal overdoses have increased 300% over the last ten years overall in Indiana, partly due to high levels of prescription drug abuse by youth.
- 4. Jennings County DATF did not administer random surveys to students regarding prescription drug use this grant period.
- 5. Local pharmacies did not provide data for this grant period.
- 6. The Jennings County Council on Domestic Violence provided services to a total of 64 individuals who abused prescription medications (27 males, 37 females).
- 7. Maverick did not participate this grant year.
- 8. Centerstone provided addictions treatment to 75 individuals who abused prescription medications.
- 9. Law Enforcement did not provide reports for this grant year.

10. A new agency, Jackson/Jennings County Community Corrections, reported 4 enrolled individuals for possession of controlled substances and/or unlawful possession of syringe.

Final Update (end of Year 3):

- 1. As noted in previous CCP, the nation continues to identify prescription drug abuse as fastest-growing problem, according to National Drug Control Policy.
- 2. Indiana Prevention Resource Center survey noted rates of students reporting use of prescription drugs that were not prescribed ranged from a low of 1.9 percent for sixth-graders to a high of 14.3 percent for 12th-graders. The rate of students who reported buying prescription drugs from friends ranged from 0.2 percent for sixth-graders to 2.3 percent for 12th graders. Lastly, the rat of students who reported prescription drugs from family members ranged from 0.2 percent for sixth-graders to 0.5 percent of 10th graders and 12th graders.
- 3. Indiana Public Media has not provided new study outcomes regarding prescription drug use. As noted in previous CCP, 2008 study highlighted fatal overdoses have increased 300% over the last ten years overall in Indiana, partly due to high levels of prescription drug abuse by youth.
- 4. Random surveys were administered to 151 students regarding prescription drugs and over the counter drugs ranging in ages 14-18 years old.
 - a. During this school year, 99% think there is a "drug problem" at schools.
 - b. 83% of students believe drugs affect school safety.
 - c. 68% of those students "see" drugs at school.
 - d. 81% of those students experienced pressure to use drugs at school.
 - e. 73% of those students believe drug problems increased over the last year.
 - f. 57% of those students report drugs are part of school culture.
- 5. Local pharmacies reported an increase of hydrocodone sales, while offering oxycodone remains a "popular" prescribed medication.
- 6. The Jennings County Council on Domestic Violence provided services to a total of 58 individuals who abused prescription medications (33 males, 25 females).
- 7. Maverick did not participate this grant year.
- 8. Centerstone provided addictions treatment to 89 individuals who abused prescription medications.
- 9. Law Enforcement report:

Law Enforcement Reports 2013	NVPD	JC Sheriff
Violation of Legend Drug Act	17	
Possession of Controlled Substance	21	
Dealing Controlled Substance	0	
Prescription Fraud	3	
Theft of Prescription Medication	9	
Possession of Syringe	16	

10. A new addition to Jennings County, Jackson/Jennings County Community Corrections, reported 44 enrolled individuals for dealing and/or manufacturing "drugs".

11. Jennings County Department of Child Services shared 117 children removed, 66 directly related to drug use (methamphetamines, heroin, prescription drugs, marijuana).

C. Goals:

1. Fewer youth and adults will abuse prescription and over the counter drugs, and fewer problems related to prescription and over the counter drugs will be seen in the community.

End of Year 1 Annual Benchmarks:

- 1. Pharmacies are filling less Oxycontin prescriptions in 2011 than the previous year. This may be due to the reformulation of the pills, thus not allowing them to be broken down for injection or snorting. The Oxycodone and MS Cotton will also be reformulated and replaced soon. The reformulation of many narcotics has aided in the decreased of forged and altered prescriptions.
- 2. The Jennings County Council on Domestic Violence report fewer survivors of domestic violence abusing prescription and over the counter drugs.
- 3. Both Centerstone and Maverick Addiction Services have provided substance abuse treatment to individuals abusing prescription and over the counter medications to a large group of individuals.
- 4. North Vernon Police Department statistics demonstrate a decrease in arrest concerning prescription and over the counter abuse.

End of Year 2 Annual Benchmarks:

- 1. Pharmacies did not provide data this grant year.
- 2. The Jennings County Council on Domestic Violence report an 128% increase of survivors of domestic violence abusing prescription and over the counter drugs.
- 3. Both Centerstone and Maverick Addiction Services have provided substance abuse treatment to individuals abusing prescription and over the counter medications to a large group of individuals.
- 4. North Vernon Police Department did not provide statistics for this grant year.

Final Report (end of Year 3):

- 1. Pharmacies did not provided limited data this grant year.
- 2. The Jennings County Council on Domestic Violence report a 20% decrease of survivors of domestic violence abusing prescription and over the counter drugs.
- 3. Both Centerstone and Maverick Addiction Services have provided substance abuse treatment to individuals abusing prescription and over the counter medications to a large group of individuals.

4. North Vernon Police Department reported a decrease of stolen medication reports due to comprehensive reporting requirements. NVPD suspects fraudulent theft reports will also decrease because of new guidelines.

D. Objectives:

Prevention/Education:

- 1. Support prevention and education initiatives that are provided through the schools, and other community organizations that cater to youth with an emphasis on evidence based proven prevention strategies that carry a consistent message from year to year.
- 2. Facilitate the education of the community about the risks of abusing prescription and over the counter medications through media, public forums, press releases, DATF lunch and learns, health fairs, etc., with the support of members from the medical field and local pharmacies.

Treatment/Intervention:

1. Support intervention and treatment initiatives that increase treatment options, assist in identifying addicts earlier, educating the community on treatment options and efficacy in addition to creating additional treatment options to the community (additional self-help support groups, halfway houses, etc.)

Justice/Law Enforcement:

Support law enforcement and justice initiatives by providing funding and
personnel for criminal investigations related to prescription and over the counter
drug abuse crimes, provide training and resources for law enforcement, probation
and court systems.

End of Year 1 Update:

- 1. Jennings County Council on Domestic Violence completed 26 presentations that reached 1736 students. 5,736 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse.
- 2. Additional self-help support groups were created in Jennings County.
 - a. Celebrate Recovery, focusing on addictions, was established and is held downtown on a weekly basis.
 - b. An additional NA meeting was also established and is held weekly at Maverick Addiction Services.
 - c. Nar-Anon and Al-Anon services are held one night each week.
- 3. Maverick Addiction Services, LLC, holds the Court Contract in which every person who uses, misuses or abuses prescription medication is Ordered to attend a substance abuse assessment in order to determine treatment needs.
- 4. North Vernon Police Department Officers attended the following trainings: INSPECT which deals with prescriptions of Controlled Substances, DEA

- Pharmaceutical Investigations Course and Drug Recognition Expert Recertification.

- 7. School Resource Officer Piirto did not provide presentation for prescription abuse to student and parents this grant year.

A. Problem Statement #3: Jennings County residents abuse alcohol, tobacco and other illicit drugs.

B. Supportive Data: Prevention/Education:

- 1. Random surveys were administered throughout Jennings County and the responses were totaled into age ranges. The 148 survey results stated ages 10-19 believe there is an increase in crime, violence and destructive behaviors related to the abuse of alcohol, tobacco and other drugs.
- 2. In 2010, the Jennings County Health Department had 43 individuals involved in the Chantix program to improve health, education and awareness to support wellness in Jennings County. There were 9 individuals who utilized the nicotine patch.
- 3. Tobacco Education Group (TEG) was provided to school aged children at the Adult and Alternative Education Program. Nicotine patches were also provided to 9 people who attended classes given through the RN Coordinator at WIC and the teacher of the Fresh Start Program at the Alternative Education Center. 2 people quit smoking and 2 lowered their number of cigarettes per day.
- 4. In 2010, there were 26 new cases of chronic Hepatitis C which is directly related to IV injection of street drugs. There were 29 doses of Hepatitis A/B vaccinations given to 29 individuals in 2009, and 72 doses administered in 2010 to all high risk persons including persons with Hepatitis C and those who inject street drugs.

Treatment/Intervention:

 The Jennings County Council on Domestic Violence has witnessed an increase in substance abuse with alcohol being present in nearly every abusive situation. Marijuana is viewed as "not really a drug".

Alcohol

Age Groups	18-25	26-40	41-60	60+
Males	20	91	25	0
Females	7	19	7	0

Marijuana

Age Groups	18-25	26-40	41-60	60+
Males	8	27	5	0
Females	2	2	0	0

- 2. Maverick Addiction Services, LLC currently provides assessments, education, individual sessions, Intensive Outpatient Program and Intensive Outpatient Treatment options, as well as refers to Detox or other substance abuse services outside of Jennings County. Maverick also holds the contract for all Court-Ordered individuals. In 2010, there were 33 individuals receiving addiction services based upon alcohol use and/or abuse. 2 clients received addiction services for Benzodiazepine, 8 marijuana and 13 clients for opiate use/abuse.
- 3. Centerstone, the local community mental health center, currently provides intensive outpatient programming for substance abuse and substance dependent individuals. Centerstone served 87 individuals with alcohol dependence or abuse, 29 individuals with cannabis abuse, and 5 individuals with cocaine and other substance dependence and abuse.
- 4. The Indiana Department of Child Services removed 7 children due to their parents' heroin use, 4 for morphine, 2 for opiates, 2 for suboxone, and 1 for marijuana use.

Justice/Law Enforcement:

- 1. The Jennings County Superior Court Probation Department reports having individuals convicted of 81 DUI offenses, 15 public intoxication offenses and 3 illegal consumptions. There are warrants out for 215 individuals on alcohol related convictions/charges. There are 22 individuals on probation for marijuana offenses, 17 possession offenses and 5 paraphernalia offenses. There are currently 39 individuals with active warrants for marijuana charges/convictions.
- 2. The Jennings County Middle School expelled 7 students from school year 2009-2010 with the High School expelling 11 students due to drugs and alcohol.
- 3. There are 43 businesses in Jennings County with permits to serve alcohol.
- 4. Law enforcement reports

Law Enforcement Reports 2010	NVPD	JC Sheriff
DWI	55	67
Public Intoxication	107	36
Illegal Possession of Alcohol	16	52
Possession of Marijuana	43	52
Dealing Marijuana	3	6
Possession of paraphernalia	40	33

End of Year 1 Update:

- 1. The Jennings County Health Department report 10 individuals involved in the Chantix Program. This funding has ceased.
- 2. TEG reported working with 10 students in 2011.

3. The percentages reflect the number of youth from the Afternoons R.O.C.K. who answered there is NO RISK with the associated action. This data was prepared in 2011 on pre-surveys.

Pre-Survey

NO RISK

Smoke one or more packs of	
cigarettes per day	13.3%
Smoke marijuana once a month	15.0%
Smoke marijuana regularly	20.2%
Have 4 or 5 alcoholic beverages	
nearly every day	14.7%

4. The JCCDV reports the following use:

Alcohol

Age Groups	18-25	26-40	41-60	60+
Males	5	17	6	0
Females	4	10	2	0

Marijuana

Age Groups	18-25	26-40	41-60	60+
Males	4	9	2	0
Females	1	4	1	0

- 5. Maverick Addiction Services provided addictions treatment for 95 individuals for alcohol, marijuana or other substance abuse.
- 6. Centerstone provided addictions treatment for 185 individuals for alcohol use/abuse, 93 individuals for marijuana use, 9 individuals for cocaine use and 2 for inhalant use.
- 7. Centerstone identified 50-70% of their clientele use tobacco products and the number one cause of death among those with mental illness is heart disease. The second leading cause of death of those with mental illness is lung cancer. Smoking causes both of these fatal results.
- 8. The Jennings County Superior Court Probation reported 62 individuals being placed on probation for alcohol-related convictions.
- 9. There are currently 36 businesses with permits to serve alcohol.
- 10. Law Enforcement reports:

Law Enforcement Reports 2011	NVPD	JC Sheriff
DWI	135	
Public Intoxication	88	
Illegal Possession of Alcohol	47	
Possession of Marijuana	60	
Dealing Marijuana	4	
Possession of paraphernalia	34	

End of Year 2 Update:

- 1. The Jennings County Health Department noted Chantix Program no longer available due to changes in grant guidelines.
- 2. TEG did not provide data regarding students served this grant year. However, Jennings County Tobacco Prevention Coordinator supplied data regarding 1-800-QUIT NOW program: Tobacco Quitline Calls from Jennings County Smokers, 84 calls & Indiana Tobacco Quitline Fax Referrals from Jennings County, 42 faxed referrals.
- 3. Afternoons R.O.C.K did not provide data of pre-surveys regarding tobacco, marijana and alcohol use for youth.
- 4. The JCCDV reports the following use (age groups not provided this grant year):

Alcohol: 61 Males 26 Females Marijuana: 21 Males 7 Females

- 5. Maverick did not participate this grant year.
- 6. Centerstone provided addictions treatment for 143 individuals for alcohol use/abuse, 122 individuals for marijuana use, 13 individuals for cocaine use and 2 for inhalant use.
- 7. Centerstone continues to identify 50-70% of their clientele use tobacco products and the number one cause of death among those with mental illness is heart disease. The second leading cause of death of those with mental illness is lung cancer. Smoking causes both of these fatal results.
- 8. Jennings County Superior Court Probation ddi not provide data this grant year.
- 9. There are currently 37 businesses with permits to serve alcohol.
- 10. Law Enforcement did not provide reports this grant year.
- 11. Additional information gathered regarding alcohol and tobacco use, Jennings County School Corporation noted 51 drug/alcohol/tobacco related suspensions at Jennings County High School and 25 drug/alcohol/tobacco related suspensions at Jennings County Middle School.
- 12. A new agency, Jackson/Jennings County Community Corrections, reported 4 enrolled individuals for operating motor vehicles while intoxicated with various levels of severity.

Final Update (end of Year 3):

- 1. The Jennings County Health Department noted Chantix Program no longer available due to changes in grant guidelines.
- 2. Jennings County Tobacco Prevention Coordinator supplied data regarding 1-800-QUIT NOW program: In Jennings County 30 medical providers, 5 employers, and 3 organizations joined preferred network, offering resources to refer patients, employees, clients or customers to ITQL. Tobacco Quitline Calls from Jennings County Smokers, 80 calls and/or faxes to Indiana Tobacco Quitline.
- 3. Afternoons R.O.C.K did not provide data of pre-surveys regarding tobacco, marijana and alcohol use for youth.
- 4. The JCCDV reports the following use (age groups not provided this grant year):

Alcohol: 60 Males

22 Females

Marijuana: 21 Males

9 Females

- 5. Maverick did not participate this grant year.
- 6. Centerstone provided addictions treatment for 128 individuals for alcohol use/abuse, 127 individuals for marijuana use, and 10 individuals for cocaine use.
- 7. Centerstone continues to identify 50-70% of their clientele use tobacco products and the number one cause of death among those with mental illness is heart disease. The second leading cause of death of those with mental illness is lung cancer. Smoking causes both of these fatal results.
- 8. Jennings County Superior Court Probation did not provide data this grant year.
- 9. There are currently 37 businesses with permits to serve alcohol.
- 10. Law Enforcement did not provide report for alcohol, tobacco or other illicit drugs.
- 11. Jennings County School Corporation did not provide data this grant year.
- 12. Jackson/Jennings County Community Corrections reported 103 enrolled individuals for alcohol-related issues (anger management, community service restitution, community work crew, CTP).
- 13. Jennings County Department of Child Services reported removal of 117 children, identifying "a lot" of marijuana reports.

C. Goals:

- 1. Jennings County will reduce the number of residents abusing illicit drugs, and alcohol.
- 2. Jennings County will reduce the number of youth using tobacco products and illegal alcohol use.

End of Year 1 Annual Benchmarks:

- 1. More individuals participated in the Chantix program through the Health Department.
- 2. Jennings County Council on Domestic Violence had a decrease in survivors reporting illicit or alcohol abuse.
- 3. Maverick Addiction Services, LLC, provided services to 95 individuals who abused alcohol or illicit drugs. This number significantly increased from the previous year as they are still a fairly new service.
- 4. Centerstone provided services to more than twice the individuals from the year prior.
- 5. Centerstone of Indiana became a tobacco-free provider in 2011.
- 6. The percentages reflect the number of youth from the Afternoons R.O.C.K. who answered there is NO RISK with the associated action. This data was prepared in 2011 on post-surveys.

Post-Survey

NO RISK

Smoke one or more packs of	
cigarettes per day	5.0%
Smoke marijuana once a month	5.1%
Smoke marijuana regularly	11.5%
Have 4 or 5 alcoholic beverages	
nearly every day	5.1%

End of Year 2 Annual Benchmarks:

- 1. The Jennings County Health Department noted Chantix Program no longer available due to changes in grant guidelines.
- 2. Jennings County Council on Domestic Violence had a 97% increase in survivors reporting illicit or alcohol abuse.
- 3. Maverick Addiction Services, LLC, did not participate this grant cycle.
- 4. Centerstone had a 22% decrease of individuals seeking clinical care for alcoholrelated disorders, with a 31% increase of individuals seeking clinical care for cannabis disorders.
- 5. Centerstone of Indiana remains a tobacco-free provider in 2012.
- 6. Afternoon R.O.C.K. did not provide survey data regarding use of tobacco, marijuana and alcohol.
- 7. Fresh Start Tobacco Cessation Program held weekly (Tuesdays) at WIC office with an assigned RN class instructor, who reports an average of 3 smokers per class with approximately 50% quit rate which as an increase from the previous year due to the poor economy, higher cost of living, increase in the cost of tobacco products, gasoline and groceries. The Nicotine Places were funded through a grant from the Jennings County Health Department.
- 8. The Jennings County Health Department has four billboards in Jennings County with Tobacco Cessation messages & 1-800-Quit-Now information to help encourage tobacco users to quit. The billboard messages have been changed periodically to capture attention. The Jennings County Health Department funded billboards through a grant.

Final Report (end of Year 3):

- 1. The Jennings County Health Department noted Chantix Program no longer available due to changes in grant guidelines.
- 2. Jennings County Council on Domestic Violence no noteworthy change in survivors reporting illicit or alcohol abuse.
- 3. Maverick Addiction Services, LLC, did not participate this grant cycle.
- 4. Centerstone had a 10.5% decrease of individuals seeking clinical care for alcoholrelated disorders, with a 4% increase of individuals seeking clinical care for cannabis disorders.

- 5. Centerstone of Indiana remains a tobacco-free provider in 2012.
- 6. Afternoon R.O.C.K. did not provide survey data regarding use of tobacco, marijuana and alcohol.
- 7. Fresh Start Tobacco Cessation Program held weekly (Tuesdays) at St. Vincent Jennings Hospital with an assigned Jennings County Tobacco Prevention and Cessation Coordinator and Radiology Manager at St. Vincent Jennings Hospital: 31 people attended one class, 18 attendees completed 4-week course, and 11 people completed 8-week nicotine patch program and successfully quit smoking. Jennings County Tobacco Coordinator presented to Jennings County Middle School (375, 7th graders, 2-day period). Each student provided information about health effects of smoking and secondhand smoke. Other information regarding tobacco companies efforts to target youth through various marketing strategies.
- 8. The Jennings County Health Department has four billboards in Jennings County with Tobacco Cessation messages & 1-800-Quit-Now information to help encourage tobacco users to quit. The billboard messages have been changed periodically to capture attention. The Jennings County Health Department funded billboards through a grant. The Jennings County Health Department pays for monthly advertisements in local newspaper (North Vernon Plain Dealer & Sun) for smoking cessation classes. The free classes are held bi-weekly at St. Vincent Jennings Hospital, offering free nicotine patches.

D. Objectives:

Prevention/Education:

- 1. Support prevention and education initiatives that increase drug, alcohol and tobacco awareness education through school settings, camps, etc. with an emphasis on evidence based proven prevention strategies that carry a consistent message from year to year.
- 2. Increase public awareness and education of local issues and resources related to alcohol, tobacco and illicit drugs, with special emphasis on parents and youth.

Treatment/Intervention:

1. Support treatment and intervention initiatives that increase treatment options and efficacy while educating law enforcement officers and other professionals on intervention techniques and resource referral.

Justice/Law Enforcement:

1. Support law enforcement and justice initiatives that increases the funding and personnel for criminal investigations, special patrols, impaired driving prevention and overtime duties related to alcohol and other drug crimes so that increase in arrests occur.

End of Year 1 Update:

1. Jennings County Council on Domestic Violence completed 26 presentations that reached 1736 students. 5,736 pieces of information were given to 7th, 8th,

- and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse.
- 2. The Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships, Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given to the enrolled children and their parents concerning marijuana, alcohol and tobacco use.
- 3. The Jennings County Health Department participated in the Tobacco Quitline Education Seminar.
- 4. The Jennings County Health Department purchased four advertisement billboards for tobacco use awareness within the city of North Vernon.
- 5. The data shows a significant decrease in youth who did not perceive risk with these drugs from the pre-survey. The more perceived risk involved with drug use should decrease the chance of these youth taking these drugs.
- 6. Maverick Addiction Services, LLC, holds the Court Contract in which every person who abuses alcohol or other drugs is Ordered to attend a substance abuse assessment in order to determine treatment needs.
- 7. Centerstone provides business cards for Indiana's Quit-Line, along with various pamphlets outlining guidelines and resources provided by Medicaid to aid in tobacco cessation (smoking cessation products/counseling/etc).
- 8. North Vernon Police Department Officers participated in the Breath Test Operator School, Breath Test Recertification and Commercial Vehicle Drug Interdiction. Officers also participate in Operation Pullover approximately three times each year which is overtime opportunities for stopping impaired drivers.
- 9. School Resource Officer Piirto provided six educational classes for the Jennings County Middle School regarding alcohol/marijuana abuse and smoking.
- 10. The Crisis Intervention Team of Jennings County provided a three-day training to all dispatch, first responders, jail nurses and law enforcement regarding substance abuse. These trainings, "Substance Abuse Issues for Law Enforcement" and "Excited Delirium" (related to overdoses of Ecstasy and other illegal substances) in addition to the corroboration with mental illness. The trainers for this program include a college professor, 2 psychiatrists, 3 psychologists, a police officer, a former state trooper and a social worker.

End of Year 2 Update:

- 1. Jennings County Council on Domestic Violence completed 8 presentations that reached 1192 students. 12, 232 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse.
- 2. The Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships,

- Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given to the enrolled children and their parents
- 3. Jennings County Health Department did not provide information regarding trainings and/or educational seminars.
- 4. The Jennings County Health Department maintains four advertisement billboards for tobacco use awareness within the city of North Vernon.
- 5. Afteroon R.O.C.K did not provide pre-survey data to identify decrease or increase of risk with specific drugs.
- 6. Maverick Addiction Services, LLC, did not participate this grant year.
- 7. Centerstone provides business cards for Indiana's Quit-Line, along with various pamphlets outlining guidelines and resources provided by Medicaid to aid in tobacco cessation (smoking cessation products/counseling/etc).
- 8. North Vernon Police Department did not provide training and/or educational seminars attended.
- 9. School Resource Officer Piirto provided 12 educational classes for the Jennings County Middle School and Jennings County High School regarding alcohol/marijuana abuse and smoking.
- 10. The Crisis Intervention Team of Jennings County did not provide list of trainings offered to community agencies regarding substances.

Final Update (end of Year 3):

- 1. Jennings County Council on Domestic Violence completed 8 presentations that reached 1207 students. 12,499 pieces of information were given to 7th, 8th, and 9th grade students, including surveys, quizzes, facts and brochures. The presentations focused upon healthy coping skills, healthy choices, domestic violence in collaboration with substance use and abuse. Jennings County on Domestic Violence also offered community presentations to church groups (263 people), plus civic, community partner and agencies (272 people).
- 2. The Afternoons R.O.C.K. in Indiana program uses a nationally accredited and evidence-based curriculum for its 18 day program. These lessons are specific to Goal Setting, Decision Making, Managing Emotions, Bonding & Relationships, Communication, Conflict Resolution, Drug Awareness, and Community Involvement. Brochures are given to the enrolled children and their parents
- 3. Jennings County Health Department did not provide information regarding trainings and/or educational seminars.

(4) Describe the grant process and requirements for the grantees:

Grant Guidelines

- Grants will be given out once per calendar year.
- Grants available will not be limited to a set number, but rather limited by the amount of funds available.
- Five (5) copies of the application should be submitted by the deadline.
- To be eligible to receive grant funds recipients must be a member, in good standing, of the Jennings County Drug and Alcohol Task Force. A member is considered in good standing if he/she has attended at least two consecutive meetings and has filled out a membership form. A member is considered not in good standing if he/she has missed three consecutive meetings.
- Grant money will be allocated from the Jennings Drug Free Community funds in the County Budget.
- Funds will be divided into four (4) categories: Education & Prevention, Treatment & Intervention, Justice & Law Enforcement and Administrative. There cannot be more than 25% of the total funds granted in the Administrative category. The available funds left after the Administrative costs have been removed will be allocated into the remaining 3 categories. However, there must be a minimum of 25% and a maximum of 50% of the total available funds granted in Education & Prevention, Treatment & Intervention, and Justice & Law Enforcement. If grant proposals received do not equal the minimum amount in the allotted category, then the remaining funds will go back into the general fund to be allocated the following year.
- Timeline for the Grant Cycle is as follows:
- o November: Grants advertised and application available.

An Evaluation detailing how funds from the current year's grant cycle were spent will be due at the November monthly meeting besides a written evaluation, recipients will be expected to give a short verbal summary of how the grant money was spent. Evaluations should include number served, demographics, specific details, etc.

- O December: Grants Applications will be due at the monthly meeting of the Jennings County Drug and Alcohol Task Force.
- o January: Grants will be reviewed at the monthly meeting of the Jennings County Drug and Alcohol Task Force. Applicants are encouraged in attend the meeting to present application to the board. Members will be asked to leave the room and abstain from voting on their own proposal, due to conflict of interest.
- o March: Recommendation of Grant Recipients will be presented to the County Commissioners and County Council.
- Once a grant is received the recipient has until December of the current year to spend grant funds. Funds must be used for purposes stated on the original application. If any funds are not spent they must be returned to the Jennings County Drug and Alcohol Task Force.

(5) Provide administrative expenses (be specific):

EXPENSE	COST
Shirts for Prom	\$940
Fair Give-Aways	\$1051.69

Lunch and Learn	\$72.96
Pencils for Sweet Street	\$698.46
Lunch and Learn	\$250.00

(6) Provide summary explanation of amount of any unused dollars from previous years:

The 2012 rollover that begins the year in 2013 also included the grant monies and the same for the rollover balance for 2014.

(7) Additional Comments:
